

(FRANCIS AND TAYLOR)

A cross-sectional diagram of a beam with five joints, labeled JUNTA-A, JUNTA-B, JUNTA-C, JUNTA-D, and JUNTA-E from left to right. The beam is supported by a central fixed support, represented by a thick black rectangular block. The beam is divided into four segments by the joints. The joints are shown as vertical lines with horizontal steps, indicating a change in the beam's profile at each joint. The beam is labeled 'EJE' at the top and 'SOPORTE FIJO' at the bottom.
